

European Day of Languages

This is an annual event which is held across Europe to encourage language learning and to celebrate the diversity of languages spoken in Europe.

The KS2 and KS1 children attended a special assembly on the day and all children took part in language activities in their class. Many children decorated a figure to show the languages and countries which are important to them.

We were also fortunate enough to be visited by seven bilingual parents. These hard working volunteers managed to go into most classes between them. They talked to the children about their own languages and shared a few key phrases in Spanish, French, Finnish and Afrikaans. It was also a lovely opportunity for the children to share their experiences of different languages and cultures.
